BOARD OF PATENT APPEALS  
AND INTERFERENCES**

This application was originally received at the Board of Patent Appeals and Interferences on October 2, 2002.

A review of the application had previously revealed that the application was not ready for docketing as an appeal. The application was to be returned to the examiner to allow him to do one of two things: (1) reopen prosecution in order to respond to the Reply Brief (Paper No. 12), or (2) vacate the original Notice of Entry of Reply Brief (Paper No. 13) and issue a new Notice of Entry of Reply Brief without the rebuttal paragraphs.

Application No. 09/603,320

On October 31, 2002, an Appeal Number was erroneously assigned to this application and a docketing notice was prepared and mailed in error. In light of this error, the Appeal Number has been removed from the records. Accordingly, we vacate the docketing notice and return this application to the examiner to comply with the order dated October 29, 2002.

Accordingly, it is

**ORDERED** that the application is returned to the Examiner for consideration and proper response to Paper No. 12, and for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the appeal (i.e., abandonment, issue, reopening prosecution).
